

FOREWORD

Dear Authors, esteemed Readers,

It is with deep satisfaction that I write this Foreword to the 9th volume (No. 1/2023) of the “Învățământ, Cercetare, Creație”, periodical of the Faculty of Arts of the University “Ovidius” from Constanta, Romania.

Edited by Musical Publishing House, Bucharest, our publication, which is Indexed in I.D.B. - ERIH PLUS and CEEOL.

This issue contains the Proceedings of the 14th International Symposium “Învățământ, Cercetare, Creație - Education, Research, Creation” (I.C.C.).

I.C.C. continues a tradition of bringing together researchers, academics and professionals from all over the world, experts in arts and human sciences.

The symposium particularly encouraged the interaction of researchers and developing academics with the more established academic community in an informal setting to present new and current works.

One of the pleasing aspects of the I.C.C. symposium was the vigorous discussion, feedback, mutual learning and debate that took place during plenary sessions and on sections.

This issue of Proceedings gives the participants a vehicle for disseminating their ideas in a more polished form and will furnish to those interested with an excellent reference title. I trust also that this will be an impetus to stimulate further study and research in all these areas.

As you will see from the list of national and international authors and the breadth of topics covered in these papers, this issue is intended to stimulate to spread of ideas amongst the readers, and to order to provide a lasting and reliable record of the information and ideas presented, in as timely a fashion as possible.

I would like to express my sincere gratitude to the Organizing committee, especilly to the Chairman, Prof. habil. Ioan Ardelean, Ph.D. I would also like to express my thankfulness to all the members of the Scientific Committee, who

helped us with their expertise, to the distinguished keynote speakers. We also want to thank the editors for publishing the proceedings.

Finally, this issue would not be possible without the excellent papers contributed by authors. We thank all the authors for their contributions and their participation in I.C.C. 2023!

May the readers could enjoy the gain some valuable knowledge from it. We are expecting more and more experts and scholars from all over the world to join this international event next year.

I wish you an enjoyable reading!

Prof. Daniela VITCU, Ph.D.
